# Become a Girls Only Coach!

## Calling all Ladies!

Without mentorship, positive youth development just doesn't happen!

At First Tee – Louisville, we are serious about having fun! We also believe that meaningful, quality relationships are essential to inspire young people to look to the future, set goals, and unlock their potential!

## Why Girls Only?

Studies have shown that when girls are in a “girl friendly” environment, they experience higher levels of engagement and participation, are more comfortable learning and developing skills, have heightened confidence in their ability for self-expression and communication, and are more likely to engage in group activities. It is a fun and exciting way to learn the game with friends and positive role models!
